SAFETY DATA SHEET
Mirapex®

Version 1.1  Revision Date: 06/03/2015  MSDS Number: 000000018736  Date of last issue: 05/28/2015  Date of first issue: 05/28/2015

SECTION 1. IDENTIFICATION

Product name : Sifrol® Tablets, Mirapexin® Tablets, Mirapex® Tablets, Mirapex ER® Tablets, Pexola® Tablets

Synonyms : Active ingredient: Pramipexole <= 2 %
Sifrol® Tablets, Mirapexin® Tablets, Mirapex® Tablets

Product code : 000000018736

Manufacturer or supplier’s details
Company name of supplier : Boehringer-Ingelheim Pharmaceuticals, Incorporated

Address : 900 Ridgebury Road
Ridgefield, Connecticut
06877-0368

Emergency telephone number : +1-800-424-9300 CHEMTREC Emergency Phone Number
CHEMTREC – 24 Hours

Routine Contact Number : (203) 778-7759

Recommended use of the chemical and restrictions on use
Recommended use : Mixture for production of finished medicinal products.

Prepared by : Corp. Div. EHS & Sustainability / Global EHS Services
EHS-service@boehringer-ingelheim.com

SECTION 2. HAZARDS IDENTIFICATION

Not a hazardous substance or mixture.

Not a hazardous substance or mixture.

Other hazards
None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Hazardous components

</table>
SECTION 4. FIRST AID MEASURES

General advice
- Remove from exposure, lie down.
- Take off immediately all contaminated clothing.
- Victim to lie down in the recovery position, cover and keep him warm.
- First Aid responders should pay attention to self-protection and use the recommended protective clothing.

If inhaled
- Move to fresh air.
- Call a physician immediately.

In case of skin contact
- Wash off immediately with plenty of water.
- Cover wound with sterile dressing.
- Call a physician immediately.

In case of eye contact
- Rinse immediately with plenty of water for at least 15 minutes.
- Keep eye wide open while rinsing.
- Call a physician immediately.

If swallowed
- Rinse mouth.
- Drink plenty of water.
- Call a physician immediately.

Most important symptoms and effects, both acute and delayed
- Harmful if swallowed.

Notes to physician
- Observe the summary of product characteristics of proprietary medicinal products.

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media
- Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
- Water
- Dry chemical
- Foam
- Carbon dioxide (CO2)

Specific hazards during firefighting
- In case of fire and/or explosion do not breathe fumes.
- Can be released in case of fire:
  - Nitrogen oxides (NOx)
  - Sulphur oxides
  - Carbon oxides

Further information
- Collect contaminated fire extinguishing water separately. This must not be discharged into drains.
- Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.
- Avoid generating dust; fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.
SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures:
- Wear personal protective equipment.
- Ensure adequate ventilation.
- Never return spills in original containers for re-use.

Environmental precautions:
- Do not flush into surface water or sanitary sewer system.

Methods and materials for containment and cleaning up:
- Wear personal protective equipment.
- Clean-up methods - large spillage:
  - Dampen, pick up mechanically and dispose of.
- Clean-up methods - small spillage:
  - Use approved industrial vacuum cleaner for removal.
  - Keep in suitable, closed containers for disposal.

SECTION 7. HANDLING AND STORAGE

Advice on protection against fire and explosion:
- No special protective measures against fire required.

Advice on safe handling:
- Provide sufficient air exchange and/or exhaust in work rooms.
- Routine housekeeping should be instituted to ensure that dusts do not accumulate on surfaces.
- Minimize dust generation and accumulation.
- Dry powders can build static electricity charges when subjected to the friction of transfer and mixing operations.
- Provide adequate precautions, such as electrical grounding and bonding, or inert atmospheres.
- Breathing must be protected when large quantities are decanted without local exhaust ventilation.
- Keep container closed when not in use.

Conditions for safe storage:
- Store in original container.
- Protect from heat and direct sunlight.
- Jointless smooth floor
- Keep container tightly closed.

Materials to avoid:
- Keep away from food, drink and animal feedingstuffs.
- Advice on Segregation

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters
Components | Basis | Factor | Category | Values | Remark
--- | --- | --- | --- | --- | ---
(S)-2-Amino-4,5,6,7-tetrahydro-6-(propylamino)benzothiazole Dihydrochloride Monohydrate 191217-81-9 | ECL | 3B | 6 µg/m3 | | ECL (BIP1 Exposure Control Limit)

Engineering measures

Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the escape of dust into the work area (i.e., there is no leakage from the equipment).

Use only appropriately classified electrical equipment and powered industrial trucks.

Personal protective equipment

Respiratory protection: Respirator must be worn if exposed to dust.
- half mask (EN 140)
- particle filter P2

Hand protection Directive: Protective gloves against chemicals and micro-organisms

Remarks

Chemical safety glove category III (EN 374). Handglove made of PVAC, plastics, synthetic gum or natural caoutchouc.

Eye protection: Safety glasses with side-shields

Skin and body protection: Laboratory: laboratory coat; factory: disposable Overall.

Protective measures: Handle in accordance with good industrial hygiene and safety practice.
- Do not breathe dust.
- Avoid contact with skin, eyes and clothing.
- Only use protective equipment in accordance with national/international regulations. Follow the national regulations about wearing personal protective equipment and the warranty given by the manufacturer for the safe function.

Hygiene measures: General industrial hygiene practice.
- Wash hands and face before breaks and immediately after handling the product.
- Keep working clothes separately.
SAFETY DATA SHEET

Mirapex®

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

- **Appearance**: solid
- **Colour**: white
- **Odour**: No data available
- **Odour Threshold**: No data available
- **pH**: No data available
- **Melting point/range**: No data available
- **Boiling range**: Not applicable
- **Flash point**: Not applicable
- **Evaporation rate**: Not applicable
- **Flammability (solid, gas)**: No data available
- **Lower explosion limit**: No data available
- **Vapour pressure**: Not applicable
- **Relative vapour density**: Not applicable
- **Relative density**: No data available
- **Solubility(ies)**: 
  - **Water solubility**: No data available
- **Partition coefficient: n-octanol/water**: No data available
- **Auto-ignition temperature**: No data available
- **Decomposition temperature**: No data available
- **Viscosity**: 
  - **Viscosity, dynamic**: Not applicable
- **Explosive properties**: No data available
- **Oxidizing properties**: No data available

SECTION 10. STABILITY AND REACTIVITY

- **Reactivity**: No dangerous reaction known under conditions of normal use.
- **Chemical stability**: No decomposition if stored and applied as directed.
SECTION 11. TOXICOLOGICAL INFORMATION

Acute toxicity

**Product:**
Acute oral toxicity : Acute toxicity estimate: > 5,000 mg/kg
Method: Calculation method

**Components:**
**Pramipexole dihydrochloride:**
Acute oral toxicity : LD50 (Rat): = 809 mg/kg
LD50 (Mouse): = 1,700 mg/kg
Acute inhalation toxicity : Remarks: No data available
Acute dermal toxicity : Remarks: No data available

Skin corrosion/irritation

**Components:**
**Pramipexole dihydrochloride:**
Species: Rabbit
Assessment: No skin irritation
Result: No skin irritation

Serious eye damage/eye irritation

**Components:**
**Pramipexole dihydrochloride:**
Species: Rabbit
Result: No eye irritation
Assessment: No eye irritation

Respiratory or skin sensitisation

**Components:**
**Pramipexole dihydrochloride:**
Test Type: Guinea pig maximization test
Species: Guinea pig
Result: mild sensitizing potential

Test Type: Buehler test
Species: Guinea pig
Result: No alert for skin sensitization
Germ cell mutagenicity

Components:

Pramipexole dihydrochloride:
Genotoxicity in vitro
- Test Type: Ames-test
  Species: Salmonella typhimurium
  Result: negative

- Test Type: Chromosomal aberration test
  Species: CHO (chinese hamster ovary)
  Result: negative

- Test Type: Mammalian cell gene mutation assay
  Species: V79 cells (Chinese hamster)
  Result: negative

Genotoxicity in vivo
- Test Type: Micronucleus test
  Species: Mouse
  Result: negative

Carcinogenicity

Components:

Pramipexole dihydrochloride:
Remarks: Did not show carcinogenic effects in animal experiments.

IARC
No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

NTP
No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Reproductive toxicity

Product:

Effects on fertility
Remarks: Experiments have shown no reproductive toxicity effects on laboratory animals.
The value is given in analogy to the following substances:

Effects on foetal development
Remarks: No data available

Repeated dose toxicity

Components:

Pramipexole dihydrochloride:
Species: Rat
NOAEL: 0.5 mg/kg
Application Route: Oral
Exposure time: 52 weeks

**Aspiration toxicity**

**Components:**
Pramipexole dihydrochloride:
No data available

---

**SECTION 12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

**Components:**
Pramipexole dihydrochloride:

Toxicity to fish:
- LC50 (Brachydanio rerio (zebrafish)): > 100 mg/l
- Exposure time: 96 h
- Method: OECD Test Guideline 203

Toxicity to daphnia and other aquatic invertebrates:
- EC50 (Daphnia magna (Water flea)): = 70 mg/l
- Exposure time: 48 h
- Method: OECD Test Guideline 202

Toxicity to algae:
- EC50 (Desmodesmus subspicatus): = 32 mg/l
- End point: Biomass
- Exposure time: 72 h
- Method: OECD Test Guideline 201
- EC50 (Desmodesmus subspicatus): = 240 mg/l
- End point: Growth rate
- Exposure time: 72 h
- Method: OECD Test Guideline 201

Toxicity to fish (Chronic toxicity):
- Remarks: No data available

Toxicity to daphnia and other aquatic invertebrates (Chronic toxicity):
- Remarks: No data available

Toxicity to bacteria:
- Remarks: No data available

**Persistence and degradability**

No data available

**Bioaccumulative potential**

**Components:**
Pramipexole dihydrochloride:

Partition coefficient: n-octanol/water
- log Pow: = -1.0
- Method: OECD Test Guideline 107
Mobility in soil
No data available

Other adverse effects
Product:
Ozone-Depletion Potential: Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances
Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods
Waste from residues: Dispose of in accordance with local regulations.
Contaminated packaging: Packs that cannot be cleaned should be disposed of in the same manner as the contents. Uncontaminated packaging can be recycled.

SECTION 14. TRANSPORT INFORMATION

International Regulation
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
Not applicable for product as supplied.

SECTION 15. REGULATORY INFORMATION

EPCRA - Emergency Planning and Community Right-to-Know Act
SARA 311/312 Hazards: Acute Health Hazard
SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Clean Air Act
This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).
This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCOMI Intermediate or Final VOC's (40 CFR 60.489).

**Clean Water Act**
This product does not contain any Hazardous Substances listed under the U.S. Clean Water Act, Section 311, Table 116.4A.
This product does not contain any Hazardous Chemicals listed under the U.S. Clean Water Act, Section 311, Table 117.3.
This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

**Massachusetts Right To Know**
No components are subject to the Massachusetts Right to Know Act.

**Pennsylvania Right To Know**
Non-hazardous galenic excipients Not Assigned 90 - 100 %

**New Jersey Right To Know**
Non-hazardous galenic excipients Not Assigned 90 - 100 %
Pramipexole dihydrochloride 191217-81-9 1 - 5 %

**California Prop 65**
This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

### SECTION 16. OTHER INFORMATION

**Further information**

**NFPA:**
- Flammability: 0 - Not significant, 1 = Slight, 2 = Moderate, 3 = High, 4 = Extreme
- Health: 0 - Not significant, 1 = Slight, 2 = Moderate, 3 = High, 4 = Extreme
- Instability: 0 - Not significant, 1 = Slight, 2 = Moderate, 3 = High, 4 = Extreme

**HMIS III:**
- HEALTH: 0
- FLAMMABILITY: 1
- PHYSICAL HAZARD: 0

Vertical lines in the left hand margin indicate an amendment from the previous version.
Refer to NFPA 654, Standard for the Prevention of Fire and Dust Explosions from the Manufacturing, Processing, and Handling of Combustible Particulate Solids, for safe handling.
Sources of key data used to compile the Safety Data Sheet
The specifications are based on own tests and/or literature data.

**Revision Date:** 06/03/2015
The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
